

YOUR SITE. YOUR LIGHT

The HiLight range of light towers

Sustainable Productivity

Atlas Copco

We have the light tower to suit any needs

The HiLight range of light towers is designed to offer the widest choice when it comes to finding the light tower that is right for your application. We provide a wide range of industries with a flexible and dynamic set of lighting options, while addressing all aspects of efficiency and safety. You can also be assured of the robust build quality and compact size for which Atlas Copco is globally recognized.

We have really put our innovation stamp on LED technology. The lenses in our LED light towers have a very special optic designed specifically for construction and mining applications.

This innovative, fully directional, LED lens design means we maximize the light coverage and reduce "lighting waste". A single HiLight tower can cover an area of up to 5.000 m² with a 20 lux (brightness) average – ensuring a brighter, safer and more productive site.

Darkness should not stop you!

Our HiLight range is not just for the construction site. Utilize the power of a full day with our flexible lighting solutions.

Sustainable Productivity

Atlas Copco

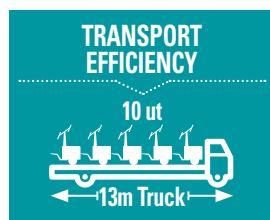

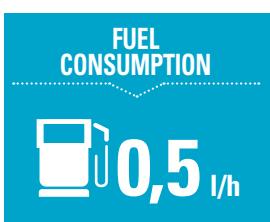

HiLight H5+

Extremely efficient, the HiLight H5+ demonstrates exceptional fuel consumption as well as offering the best luminosity. With 4 LED floodlights each projecting 350W of light, the HiLight H5+ can illuminate an area of 5.000 m².

Easy to transport, the model's compact size means 10 units can be moved on a standard 42ft truck.

reddot design award
winner 2017

(*) Available in 50Hz. Trailer complies with EU Regulations.

HiLight B5+

The HiLight B5+ is suitable for a wide range of applications including music and sporting events, residential construction, road construction, temporary public lighting and oil and gas requirements.

Your leading light

The HiLight B5+ is the best choice when it comes to transport efficiency by truck. The small footprint facilitates easy installation and provides maximum site safety.

LAMP DURABILITY / LIFE EXPECTANCY	FUEL CONSUMPTION	EXTRA SAFETY FEATURES	LIGHT COVERAGE M ² (Average 20 luxes)	TRANSPORT EFFICIENCY
LED 30.000 Hrs	Fuel canister icon 0,5 l/h	Hydraulic vertical mast	Light beam icon 5.000	22 ut 13m Truck

(*) Available in 50Hz.

HiLight E3+

This electric plug & light solutions provides flexible lighting options for a wide range of applications. The E3+ allows users to easily plug into any power source including auxiliary power, electrical generator or directly into the grid.

Plug. Light. Work.

The HiLight E3+ is ideal for events, general metropolitan construction, road construction and temporary public lighting.

PLUG & LIGHT 	TRANSPORT EFFICIENCY 	ENVIRONMENTALLY FRIENDLY 	LIGHT COVERAGE M² (Average 10 luxes)

What's unique about our LED technology?

- LED HiLight tower lamps have an aluminum casting which provides heavy duty protection, even during transportation.
- The LED lamps have a high CRI (Color Rendering Index) score (> 85 out of 100).
- The specially designed directional optics of the LED HiLight range offer incredible light distribution.
- Our LED HiLight towers achieve up to 5.000 m² of light coverage with an average level of 20 luxes.
- LED lamps have a life expectancy of more than 30.000 hours.
- Our LED technology enables us to set the industry benchmark when it comes to fuel efficiency.

HiLight LED savings per year

(per unit, compared to a metal halide light tower)

(*) Savings will vary depending on comparison models.
